From where or whom did you hear about the CABLE model?

I heard about the CABLE model from professor YU, in the University of Technology,
Sydney.

Please provide a short description of your intended use of CABLE offline. And please inform us when your work involving CABLE is being published.

I want to study terrestrial carbon cycle, and I want to use CABLE to understand the
process of carbon and water cycle. And use the model to simulate carbon and water
cycle in our study area.

Please read the [Licence Agreement](#) (which does not require your signature) before sending the filled registration form via email to [Bernard Pak](#).
