

**Part 2 – User to complete:**

Name of user: Jianduo Li

Address: 107-121 Station St., Aspendale, VIC 3195

Email: Jianduo.Li@csiro.au

Telephone number: 0469426593

(Please note that the above details may be posted on the **list of CABLE users** page and used by CSIRO in accordance with the Software Licence Agreement.)

NCI login (if you already have a NCI user account): 106238

Please select one of the following:

- (a) ☒ I am requesting an individual CABLE licence
- (b) ☒ I am requesting a User account under my Organisation's CABLE licence

If you have selected (b), please state which Organisation:

☒ Student      ☐ Employee      ☐ Other (please state)

If you are a student, please provide supervisor contact information (these would not appear in the **list of users** page). Your supervisor's signature is also required to indicate that they approve your registration.

Name of supervisor: Yingping Wang

Position in organisation: Senior Research Fellow

Address: 107-121 Station St., Aspendale, VIC 3195

Email: Yingping.Wang@csiro.au

Telephone number: 0430694767

Supervisor's signature:

Date:

26/11/2013

\*\*\*\*\*

From where or whom did you hear about the CABLE model?

From my teacher Yingping Wang.

Please provide a short description of your intended use of CABLE and anticipated intended research results (including proposed publication time frames, if any).

I would like to screen the most sensitive parameters in CABLE, then estimate the optimal values of them. At last, the model errors will be analysed.

**I have read and will comply with the Software Licence Agreement and the Guidelines for users and developers of CABLE:**
