

Part 2 – User to complete:

Name of user: Yi-Ying Chen

Address: No.300 Jhong-da Rd. Jhong-li City, Taoyuan, Taiwan

Email: spancer@cc.ncu.edu.tw

Telephone number: +886-3-4227151#65695

(Please note that the above details may be posted on the **list of CABLE users** page and used by CSIRO in accordance with the [Software Licence Agreement](#).)

NCI login (if you already have a NCI user account): 

Please select one of the following:

(a) ☒ I am requesting an individual CABLE licence

(b) ☐ I am requesting a User account under my Organisation's CABLE licence

If you have selected (b), please state which Organisation:

☐ Student

☐ Employee

☐ Other (please state)

If you are a student, please provide supervisor contact information (these would not appear in the **list of users** page). Your supervisor's signature is also required to indicate that they approve your registration.

Name of supervisor:

Position in organisation:

Address:

Email:

Telephone number:

Supervisor's signature:

Date:

From where or whom did you hear about the CABLE model?

IGBP Conference/meeting & Papers

Please provide a short description of your intended use of CABLE and anticipated intended research results (including proposed publication time frames, if any).

Currently, I'm trying to calibrate the parameters in the CABLE model for better representation the observation fluxes in an EC flux tower site located in Central Taiwan.

I have read and will comply with the [Software Licence Agreement](#) and the Guidelines for users and developers of CABLE:

Signed:

Yi-ying Chen

Date:

2013/7.18
