From where or whom did you hear about the CABLE model?

Article by Kowalczyk et al 2013 & CABLE web site

Please provide a short description of your intended use of CABLE and anticipated intended research results (including proposed publication time frames, if any).

I am working on a PhD paper which compares our improved land surface model - Px-LSM for air quality model (WRF-CMAQ) with other land surface models such as CABLE & CLM4.5. The paper is likely to be out next year.
I have read and will comply with the Software Licence Agreement and the Guidelines for users and developers of CABLE:
