

Part 2 – User to complete:

Name of user: *Kaitlin Alexander*
Address: *Climate Change Research Centre, UNSW*
Email: *k.alexander@unsw.edu.au*
Telephone number: *02 9385 9766*

(Please note that the above details may be posted on the **list of CABLE users** page and used by CSIRO in accordance with the [Software Licence Agreement](#).)

NCI login (if you already have a NCI user account): 

Please select one of the following:

- (a) ☐ I am requesting an individual CABLE licence
(b) ☒ I am requesting a User account under my Organisation's CABLE licence

If you have selected (b), please state which Organisation: *UNSW*

☒ Student ☐ Employee ☐ Other (please state)

If you are a student, please provide supervisor contact information (these would not appear in the **list of users** page). Your supervisor's signature is also required to indicate that they approve your registration.

Name of supervisor: *Matthew England*
Position in organisation: *Deputy Director of CCRC*
Address: *Climate Change Research Centre, @ UNSW*
Email: *m.england@unsw.edu.au* Telephone number: *02 9385 9766*

Supervisor's signature:

Date:

From where or whom did you hear about the CABLE model?

Nicholas Hannah

Please provide a short description of your intended use of CABLE and anticipated intended research results (including proposed publication time frames, if any).

I will be using CABLE as part of the coupled model which Nicholas Hannah is building at the CCRC. With this coupled model I will be studying the effects of freshwater fluxes in the Southern Ocean.

I have read and will comply with the [Software Licence Agreement](#) and the Guidelines for users and developers of CABLE:

Signed: *Kaitlin Alexander*

Date: *7 October 2014*
