

Part 2 – User to complete:

Name of user: Dr. Bradley Evans

Address: Macquarie University, Biological Sciences, Bldg. E8C Rm. 269

Email: bradley.evans@mq.edu.au

Telephone number: +61438123438

(Please note that the above details may be posted on the **list of CABLE users** page and used by CSIRO in accordance with the [Software Licence Agreement](#).)

NCI login (if you already have a NCI user account):

Please select one of the following:

(a) ☒ I am requesting an individual CABLE licence

(b) ☒ I am requesting a User account under my Organisation's CABLE licence

If you have selected (b), please state which Organisation:

☐ Student

☒ Employee

☐ Other (please state)

If you are a student, please provide supervisor contact information (these would not appear in the **list of users** page). Your supervisor's signature is also required to indicate that they approve your registration.

Name of supervisor:

Position in organisation:

Address:

Email:

Telephone number:

Supervisor's signature:

Date:

From where or whom did you hear about the CABLE model?

I first heard about CABLE from the TAPM modelling team.

Please provide a short description of your intended use of CABLE and anticipated intended research results (including proposed publication time frames, if any).

As director of eMAST I supervise a number of projects aimed at improving continental estimates of the carbon and water cycle. See: <http://www.emast.org.au>

I have read and will comply with the [Software Licence Agreement](#) and the Guidelines for users and developers of CABLE:

Signed:
