From where or whom did you hear about the CABLE model? I heard about CABLE from my supervisor and in the recent literature.

Please provide a short description of your intended use of CABLE offline. And please inform us when your work involving CABLE is being published.

My research project is the land-atmosphere modeling. And I am focusing on the land surface scheme. I want to use output from CABLE to compare with my modeled output. I will definitely inform you if I publish any work involving CABLE.

Please read the [Licence Agreement](#) (which does not require your signature) before sending the filled registration form via email to [Bernard Pak](#).
