If you are a student, please provide supervisor contact information (these would not appear on the **list of users** page).

Name of supervisor: Alessio Collalti

Position in organisation: PhD Tutor

Address:

Email: alessio.collalti@cmcc.it

Telephone number:

From where or whom did you hear about the CABLE model?

I Knew CABLE model on scientific articles on websites as Google Scholar and ResearchGate.

Please provide a short description of your intended use of CABLE and anticipated intended research results (including proposed publication time frames, if any).

I'm a PhD student. My PhD research project is focused on the study of the biogeochemical cycles in the soil in forest ecosystems using a modelling approach. I'm needing CABLE because I'm analyzing the existing simulation models to understand how the processes linked to biogeochemical cycles are simulated.
