From where or whom did you hear about the CABLE model? One of the models
used in a FACE model-data intercomparison experiment.

Please provide a short description of your intended use of CABLE offline. And please inform us when your work involving CABLE is being published.

CABLE is one of the models which makes up an intercomparison paper on which I am the lead author. CABLE simulations have been submitted by Ying-Ping Wang and I would like to test some of the simulation results by exploring the code.

Please read the [Licence Agreement](#) (which does not require your signature) before sending the filled registration form via email to [Bernard Pak](#).
