

## Part 2 – User to complete:

Name of user: Sajjad Eghdamirad

Address: School of Civil and Environmental Engineering, University of New South Wales,  
Kensington Campus, NSW 2052

Email: [s.eghdamirad@unsw.edu.au](mailto:s.eghdamirad@unsw.edu.au)

Telephone number: 0451514001

(Please note that the above details may be posted on the **list of CABLE users** page and used by CSIRO in accordance with the [Software Licence Agreement](#).)

NCI login (if you already have a NCI user account): 

Please select one of the following:

- (a) ☒ I am requesting an individual CABLE licence
- (b) ☐ I am requesting a User account under my Organisation's CABLE licence

If you have selected (b), please state which Organisation:

☐ Student ☐ Employee ☐ Other (please state)

If you are a student, please provide supervisor contact information (these would not appear in the **list of users** page). Your supervisor's signature is also required to indicate that they approve your registration.

Name of supervisor: Fiona Johnson

Position in organisation: Lecturer

Address: Civil Engineering Building (H20), Level 3, Room CE309, Kensington Campus

Email: [f.johnson@unsw.edu.au](mailto:f.johnson@unsw.edu.au)

Telephone number: (+61 2) 9385 9769

Supervisor's signature:

Date: 12/3/2014

\*\*\*\*\*

From where or whom did you hear about the CABLE model?

I heard about CABLE by my supervisors (Prof Ashish Sharma and Dr Fiona Johnson) in UNSW and also Dr Gab Abramowitz (CCRC-UNSW).

Please provide a short description of your intended use of CABLE and anticipated intended research results (including proposed publication time frames, if any).

My PhD research is about uncertainty analysis in hydrology through numerical climate modelling. We are trying several climate and hydrological models and in this stage we want to investigate a land surface model. To do this, CABLE looks the software which can fulfil what we need for our research in this stage.

I have read and will comply with the [Software Licence Agreement](#) and the Guidelines for users and developers of CABLE:
